Dear Dave,

I want to thank you for the excellent work you did on the Jamerson Family YMCA playground. With the location right at our front door, I was concerned that the playground would detract from the beauty of our building, especially the turf.

You did a wonderful job. We have received numerous compliments and everyone wants to know where we got our “grass.” In fact one member likes the turf so much, he wants to install it in his yard.

Thank you for your fine customer service, your professionalism and your attention to detail. I highly recommend you and your product to everyone who wants turf that looks like the real thing, but provides the safety and performance of your product.

Sincerely,

Susan Landergan
